Hi Francisco--

I was checking in with you to see if you had any luck getting answers to my questions? I'm trying to wrap up the story this afternoon if possible. My direct line is (219) 713-9520.

Hi Franscisco--

Thanks for the link. My questions are as follows:

The EPA investigated and directed the cleanup of the spill. Will there be a report issued on the spill? If so, when?

If BP is found to be in violation of the Clean Water Act, when would any fines or corrective action be announced?

Thanks,

Christin Nance Lazerus
